An Association not for gain

9 May 2017

Dear Sir/Madam,

AMRE SAFETY SEMINAR - THURSDAY 20 JULY 2017

THEME: GENERAL SAFETY SEMINAR

VENUE: KLOOF REC CLUB

ANNOUNCEMENT AND CALL FOR PAPERS

This is to inform you that the Association intends hosting its first Safety Seminar of 2017 on Thursday, 20 July 2017.

All mining companies are strongly encouraged to participate in this event.

With a marked regression in the overall fatality rate in the mining industry in 2017, it is necessary that we remind each other of the lessons learned in the past and the systems that were implemented to prevent recurrence of accident. To this end, we are calling for short presentations relating to the sharing of these learnings and re-emphasise the systems that were implemented to prevent recurrence, so that everyone can apply it in their own workplace. It will also be a great opportunity to critically assess how effective these preventative measures were and recommend where further improvements are required.

Please respond by completing the attached form and submit it, along with a brief synopsis of your proposed paper, and e-mail it to me by no later than **Monday 3 July 2017**.

Presentations should be taken to the Seminar, following which they will be added to the Association's website.

This Seminar will once again be accredited. Presenters will receive one additional CPD credit and becomes eligible for The Best Presentation award at the AGM.

Yours faithfully

ELAINE GOVENDER
ASSOCIATION SECRETARY
